**Monika Ruiz.** Founder and teacher of The Creative Child Art Time classes, strives to provide a space where children can develop their creativity and become more sensitive towards the world and the people that surrounds them. They are encouraged to take risks, to experiment, and to explore new techniques without being pressured. By discovering their own means of expression, the children add to their self-esteem, learn to know themselves better and to make decisions. Classes incorporate both English and Spanish Spoken instructions.

If you are interested in Afterschool art classes for your older children, please contact me.
